March 2018
The program received an alert through the Program Management Portal that the number of students exceeded the maximum entering class size. The program submitted the required Exceeding Class Size report. The commission accepted the report. No further information requested. Program reminded approved maximum entering class size is 80.

The commission accepted the report (appointment of interim program director). No further information requested.

September 2016 (July meeting)
The commission did not accept the report (program personnel, budget, SCPEs and decision-making process related to class size increase) and did not approve the increase to a maximum class size of 90 within the PA program beyond the cohort that already has been accepted to begin the program in August 2016.

Program Change: The commission reviewed materials regarding the dual degree program (Coordinated Master of Science in Physician Assistant Studies and Master of Public Health). The commission acknowledged the report. No further information requested.

May 2016
Program’s next validation review changed to March 2024 due to change in accreditation process.

March 2016
Portal review in January 2016 revealed discrepancy between plan submitted by program for class size increase and what was occurring in the program. The commission requested a report by February 22, 2016 report relative to the approved class size increase. Based on review of the report, the commission rescinded the program’s approval for its next incremental increase in class size. The program approved maximum entering class size is not to exceed 80 students in 2016. Additional report due August 1, 2016 (program personnel, budget, supervised clinical practice experiences [SCPEs] and decision-making process related to class size increase).

March 2015
The commission acknowledged the report (website updated with NCCPA report). No further information requested.

September 2014
Program Change: Increase class size; The program is approved for a maximum number of 90 students (incremental increase: 70 students in 2014, 80 students in 2015 and 90 in 2016), effective August 2014. Program will be monitored via the Program Management Portal for personnel, supervised clinical practice experiences and PANCE results.

University of Alabama at Birmingham
Accreditation History

First accredited: September 1975
Next review: March 2024
Maximum class size: 80
Page 2 of 3
