Marist College
Accreditation History

First accredited: September 2015
Next review: March 2020
Maximum class size: 45/50/60

June 2019
The commission accepted the report addressing 4th edition
- **Standard B2.09** (provided evidence the program curriculum includes instruction related to helping patients cope with illness, injury and stress). No further information requested.

March 2019
The commission accepted the report addressing 4th edition
- **Standard A2.09d** (provided evidence the program director is knowledgeable about and responsible for program continuous review and analysis),
- **Standard B1.08** (provided evidence the curriculum includes opportunities for students to apply principles of interprofessional practice in interprofessional teams),
- **Standard B2.08** (provided evidence the program curriculum includes instruction in response to illness, injury and stress and principles of violence identification and prevention),
- **Standard B2.09** (provided some evidence the program curriculum includes instruction related to helping patients cope with illness, injury and stress),
- **Standard B2.12** (provided evidence the program curriculum includes instruction in concepts of public health, particularly, participation in disease surveillance, reporting and intervention),
- **Standard C1.01** (provided evidence of implementation of an ongoing program self-assessment process which documents program effectiveness and fosters program improvement) and
- **Standard C3.01** (provided evidence the program conducts objective and documented evaluations of students related to learning outcomes for the supervised clinical education components).

June 2018 (following Provisional Monitoring review)
Accreditation-Provisional; Next Comprehensive Evaluation: March 2020 (Final Provisional). The program’s maximum class size remains 60 for the third class.
Report due September 1, 2018 (Standards, 4th edition) -
- **Standard A2.09d** (lacked evidence the program director is knowledgeable about and responsible for program continuous review and analysis),
- **Standard B1.08** (lacked evidence the curriculum includes opportunities for students to apply principles of interprofessional practice in interprofessional teams),
- **Standard B2.08** (lacked evidence the program curriculum includes instruction in response to illness, injury and stress and principles of violence identification and prevention),
- **Standard B2.09** (lacked evidence the program curriculum includes instruction related to helping patients cope with illness, injury and stress),
- **Standard B2.12** (lacked evidence the program curriculum includes instruction in concepts of public health, particularly, participation in disease surveillance, reporting and intervention),
- **Standard C1.01** (lacked evidence of implementation of an ongoing program self-assessment process which documents program effectiveness and fosters program improvement) and
