South University – Richmond
Accreditation History

First accredited: September 2016
Next review: TBD
Maximum class size: 36/36/36

June 2019 (following Provisional Monitoring review)
Accreditation-Provisional; Next Comprehensive Evaluation: TBD (Final Provisional). The program’s maximum class size remains 36 for the third class.
Report due August 23, 2019 (Standards, 4th edition) –
  • **Standard A3.15a** (lacked evidence the program publishes and makes readily available to prospective students admission and enrollment practices that favor specified individuals or groups) and
  • **Standards B3.06a-b** (lacked evidence of supervised clinical practice experiences [SCPEs] with a) physicians specialty board certified in their area of instruction and b) PAs teamed with physicians who are specialty board certified in their area of instruction).

Due December 16, 2019 (Standards, 4th edition) –
  • **Standard B3.07b** (lacked evidence of SCPEs with preceptors practicing in internal medicine) and
  • **Standard C3.01** (lacked evidence the program’s plan to conduct frequent, objective and documented evaluations of students paralleled the learning outcomes for the supervised clinical education components).

March 2017
The commission **accepted the report** addressing 4th edition
  • **Standard B2.13** (provided evidence the program curriculum includes instruction in the prevention of medical errors). No further information requested.
