September 2019
The commission accepted the report addressing 4th edition
- Standards B3.03a-d (provided evidence of program defined requirements and methods to determine students, after SCPEs with patients seeking a) medical care across the life span, b) women’s health, c) surgical management and d) behavioral and mental health conditions have attained the expected learning outcomes). No further information requested.

March 2019 (following Final Provisional review)
Report due June 14, 2019 (Standards, 4th edition) -
- Standards B3.03a-d (lacked evidence of program defined requirements and methods to determine students, after SCPEs with patients seeking a) medical care across the life span, b) women’s health, c) surgical management and d) behavioral and mental health conditions have attained the expected learning outcomes).
Due December 15, 2020 (Standards, 4th edition) -
- Standards C2.01b-c, modified Self-Study Report (lacked evidence of a self-study report that documents b) results of critical analysis from the ongoing self-assessment and c) faculty evaluation of the curricular and administrative aspects of the program

September 2017
The commission accepted the report addressing 4th edition
- Standard A3.14b (provided evidence the program defines, publishes and makes readily available to enrolled and prospective students the program’s success in achieving its goals),
- Standard B3.02 (provided evidence that supervised clinical practice experiences [SCPEs] enable students to meet program expectations and acquire competencies needed for entry into clinical practice) and
- Standard C2.01d (provided evidence of a self-study report that documents modifications that occurred as a result of self-assessment). No further information requested.

March 2017 (following Provisional Monitoring review)
Accreditation-Provisional; Next Comprehensive Evaluation: March 2019 (Final Provisional). The approved maximum entering class size remains 50 for the third class.
Report due July 1, 2017 (Standards, 4th edition) -
- Standard A3.14b (lacked evidence the program defines, publishes and makes readily available to enrolled and prospective students the program’s success in achieving its goals),
- Standard B3.02 (lacked evidence that supervised clinical practice experiences [SCPEs] enable students to meet program expectations and acquire competencies needed for entry into clinical practice) and
- Standard C2.01d (lacked evidence of a self-study report that documents modifications that occurred as a result of self-assessment).
First accredited: March 2015
Next review: March 2029
Maximum class size: 50

March 2015
Accreditation-Provisional; Next Comprehensive Evaluation: March 2017 (Provisional Monitoring). The program’s class size is 46 for the first class, 50 for the second class and 50 for the third class. The commission noted zero areas of noncompliance with the Standards.
