Stephens College
Accreditation History

First accredited: March 2016
Next review: March 2021
Maximum class size: 30

June 2020
The commission acknowledged the report providing evidence of
- The proposed plan in response to COVID-19.
Additional information (follow-up for the class of 2020 on graduation; confirmation all students met all program and supervised clinical practice experience learning outcomes and completed summative testing) due January 15, 2021.

September 2019
The commission accepted the report addressing 4th edition
- Standard A1.03c (provided evidence the sponsoring institution is responsible for complying with ARC-PA accreditation Standards and policies),
- Standard A2.09g (provided evidence the program director is knowledgeable about and responsible for program participation in the accreditation process),
- Standard A3.14f (provided evidence the program makes readily available to enrolled and prospective students estimates of all costs [tuition, fees, etc.] related to the program),
- Standard B3.02 (provided evidence of methods to determine, after supervised clinical practice experiences [SCPEs], that all students are able to meet the program’s learning outcomes) and
- Standards B3.03a-d (provided evidence of program defined learning outcomes and methods to determine students, after SCPEs with patients seeking a) medical care across the life span, b) women’s health, c) surgical management and d) behavioral and mental health conditions have attained the expected learning outcomes). No further information requested.

March 2019 (following Provisional Monitoring review)
Accreditation-Provisional; Next Comprehensive Evaluation: March 2021 (Final Provisional). The program is approved for up to 30 students in the third class.
Report due June 14, 2019 (Standards, 4th edition) -
- Standard A1.03c (lacked evidence the sponsoring institution is responsible for complying with ARC-PA accreditation Standards and policies),
- Standard A2.09g (lacked evidence the program director is knowledgeable about and responsible for program participation in the accreditation process),
- Standard A3.14f (lacked evidence the program makes readily available to enrolled and prospective students estimates of all costs [tuition, fees, etc.] related to the program),
- Standard B3.02 (lacked evidence of methods to determine, after supervised clinical practice experiences [SCPEs], that all students are able to meet the program’s learning outcomes) and
- Standards B3.03a-d (lacked evidence of program defined learning outcomes and methods to determine students, after SCPEs with patients seeking a) medical care across the life span, b) women’s health, c) surgical management and d) behavioral and mental health conditions have attained the expected learning outcomes).
March 2016
Accreditation-Provisional; Next Comprehensive Evaluation: March 2019 (Provisional Monitoring). The program is approved for up to 20 students in the first class of students, 26 in the second class and 30 in the third class.

No report due (Standards, 4th edition) -

- **Standard A3.15a** (lacked evidence at the time of the site visit that the program publishes and makes readily available to prospective students admission and enrollment practices that favor specified individuals or groups; corrected subsequent to the visit) and

- **Standard D1.06** (lacked evidence at the time of the site visit that the program has clearly articulated plans and mechanisms for bringing the program into compliance with the Standards; corrected subsequent to the visit).
