June 2020
The commission acknowledged the report providing evidence of
- The proposed plan in response to COVID-19.
Additional information (follow-up for the class of 2020 on graduation; date students returned to clinic and confirmation all students met all program and supervised clinical practice experience learning outcomes and completed summative testing) due October 15, 2020.

The commission accepted the report addressing 4th edition
- Standards C2.01b-f, modified Self-Study Report (provided evidence of a self-study report that documents b) results of critical analysis from the ongoing self-assessment, c) faculty evaluation of the curricular and administrative aspects of the program, d) modifications that occurred as a result of self-assessment, e) self-identified program strengths and areas in need of improvement and f) plans for addressing areas needing improvement). No further information requested.

March 2019
The commission accepted the report addressing 4th edition
- Standard B3.02 (provided evidence of methods to determine, after supervised clinical practice experiences [SCPEs], that all students are able to meet the program’s learning outcomes) and
- Standard B3.03a (provided evidence of methods to determine, after SCPEs, that all students are able to meet the program’s learning outcomes with patients seeking medical care across the life span). No further information requested.

Program Change: Change in graduation requirements (95.5 to 97.5 credits awarded), effective January 1, 2019. The commission acknowledged the proposed change. No further information requested.

June 2018 (following Final Provisional review)
Accreditation-Continued; Next Comprehensive Evaluation: June 2028. Maximum class size: 50.
Reports due December 21, 2018 (Standards, 4th edition) -
- Standard B3.02 (lacked evidence of methods to determine, after supervised clinical practice experiences [SCPEs], that all students are able to meet the program’s learning outcomes) and
- Standard B3.03a (lacked evidence of methods to determine, after SCPEs, that all students are able to meet the program’s learning outcomes with patients seeking medical care across the life span).

Due March 2, 2020
- Standards C2.01b-f, modified Self-Study Report (lacked evidence of a self-study report that documents b) results of critical analysis from the ongoing self-assessment, c) faculty evaluation of the curricular and administrative aspects of the program, d) modifications
