Morehouse School of Medicine
Accreditation History

First accredited: September 2018
Next review: September 2021
Maximum class size: 20/30/40

June 2020
The commission acknowledged the report providing evidence of
- The proposed plan in response to COVID-19. No further information requested.

September 2019
The commission accepted the report addressing 4th edition
- Standards B3.03a-c (provided evidence of methods to determine, after supervised clinical practice experiences, that all students are able to meet the program’s learning outcomes with patients seeking a) medical care across the life span, b) women’s health and c) surgical management). No further information requested.

March 2019
The commission accepted the report addressing 4th edition
- Standard A3.10 (provided evidence of written policies that provide for timely access and/or referral of students to services addressing personal issues which may impact their progress in the PA program),
- Standard B1.08 (provided evidence the program curriculum includes opportunities for students to apply principles of interprofessional practice in interprofessional teams),
- Standard B2.02c (provided evidence the program curriculum includes instruction in pathophysiology and its application in clinical practice),
- Standard B2.14 (provided evidence the program curriculum includes instruction about PA licensure and credentialing) and
- Standard D1.05 (provided evidence the program has detailed syllabi for each course offered in the program). No further information requested.

September 2018
Accreditation-Provisional; Next Comprehensive Evaluation: September 2021 (Provisional Monitoring).
The program is approved for up to 20 students in the first class of students, 30 in the second class and 40 in the third class.
Report due December 3, 2018 (Standards, 4th edition) -
- Standard A3.10 (lacked evidence of written policies that provide for timely access and/or referral of students to services addressing personal issues which may impact their progress in the PA program),
- Standard B1.08 (lacked evidence the program curriculum includes opportunities for students to apply principles of interprofessional practice in interprofessional teams),
- Standard B2.02c (lacked evidence the program curriculum includes instruction in pathophysiology and its application in clinical practice),
- Standard B2.14 (lacked evidence the program curriculum includes instruction about PA licensure and credentialing) and
- Standard D1.05 (lacked evidence the program has detailed syllabi for each course offered in the program).

Due June 17, 2019 (Standards, 4th edition) -
