September 2020

The commission **accepted the report** providing evidence of

- Follow up regarding changes in response to COVID-19. No further information requested.

June 2020

The commission **acknowledged the report** providing evidence of

- The proposed plan in response to COVID-19.

Additional information (revised clinical syllabus) due June 20, 2020.

March 2016

The commission **accepted the report** providing evidence of

- Correction of SCPEs in the Program Management Portal and updating the program website with NCCPA PANCE pass rate summary

The commission **accepted the report** addressing 4th edition

- **Standard B1.09** (provided evidence the program defines and publishes instructional objectives that guide student learning on the clinical rotations),
- **Standard B3.02** (provided evidence of program expectations for students in supervised clinical practice experiences [SCPEs] with preventive, emergent, acute and chronic patient encounters) and
- **Standards B3.03a-d** (provided evidence of program defined requirements for SCPEs with patients seeking a) medical care across the life span, b) women's health, c) surgical management and d) behavioral and mental health conditions). No further information requested.

September 2015

Accreditation-Continued; Next Comprehensive Evaluation: September 2025. Maximum class size: 70.

Report due October 26, 2015

- Correct SCPEs in the Program Management Portal and update program website with NCCPA PANCE pass rate summary.

Due December 28, 2015 (*Standards*, 4th edition) -

- **Standard B1.09** (lacked evidence the program defines and publishes instructional objectives that guide student learning on the clinical rotations),
- **Standard B3.02** (lacked evidence of program expectations for students in supervised clinical practice experiences [SCPEs] with preventive, emergent, acute and chronic patient encounters) and
- **Standards B3.03a-d** (lacked evidence of program defined requirements for SCPEs with patients seeking a) medical care across the life span, b) women's health, c) surgical management and d) behavioral and mental health conditions).

September 2011

The commission **accepted the report** providing evidence of

- Analysis of student attrition rate. No further information requested.

September 2010

The commission **accepted the report** providing evidence of

- Analysis of student attrition rate. No further information requested.

September 2009

The commission **accepted the report** providing evidence of

- Analysis of student attrition rate. No further information requested.

September 2008

Accreditation-Continued; Next Comprehensive Evaluation: September 2014. Maximum Student Capacity: 210. The commission noted zero areas of noncompliance with the *Standards*. Reports due July 7, 2009, 2010 and 2011 (analysis of student attrition rate).

March 2004

The commission **acknowledged the report** addressing 2nd edition

- **Standard D1.2** (provided evidence the student health records are confidential documents). No further information requested.

September 2003

Accreditation-Continued; Next Comprehensive Evaluation: September 2008. Maximum Student Capacity: 180.

Report due January 15, 2004 (*Standards*, 2nd edition) -

- **Standard D1.2** (lacked evidence the student health records are confidential documents).

March 2002

Program Change: Change in curriculum (baccalaureate to master's), effective 2003. The commission **acknowledged the proposed change**. No further information requested.

March 2001

The commission **accepted the report** addressing 2nd edition

- **Standard I B 1 d** (provided evidence of adequate support staff to support the program),
- **Standard I C 1** (provided evidence of clearly identified and published information related to admission requirements),
- **Standard I D 1 a** (provided evidence announcements and advertising accurately reflect the program offered),
- **Standard I D 1 c** (provided evidence costs to the students are accurately stated, published and made known to all applicants),
