April 2026 (following Final Provisional review)

Accreditation-Continued; Program has demonstrated continued and sufficient compliance with the ARC-PA *Standards* after completion of the provisional review process. The commission noted 1 area of noncompliance with the *Standards*.

Next Comprehensive Evaluation: April 2036. Maximum class size: 32.

Report due July 24, 2026 (*Standards*, 5th edition):

- **Standard C2.01b** (lacked evidence the program defines and maintains effective processes and documents the initial and ongoing evaluation of all sites and preceptors used for supervised clinical practice experiences, to ensure students are able to fulfill program learning outcomes with access to patient populations)

January 2026

The commission **accepted** the report providing evidence of

- Revised SCPE preceptor evaluations for each required SCPE and revised initial and ongoing Assessment of Clinical Site forms.

No further information required.

The program's PANCE pass rate percentage was 85% or less for its 2024 cohort. The program submitted the required analysis of PANCE performance. The commission **reviewed and requested more information of the report**. Additional information (A succinct summary/conclusions section and a revised ACTIONS table that includes all data-driven conclusions from the narrative, along with corresponding action plans, responsibilities, timelines, and expected outcomes) due April 15, 2026.

June 2025

The commission **reviewed and requested more information of the report** providing evidence of

- Revised SCPE preceptor evaluations for each required SCPE and revised initial and ongoing Assessment of Clinical Site forms

Additional information (description of the program's approach to its revisions on SCPE syllabi and preceptor evaluations to show how the preceptor evaluation allows the program to identify and address any student deficiencies in learning outcomes in a timely manner) due July 29, 2025.

March 2025

The commission **reviewed and more information requested** of the report addressing 5th edition

- **Standard A3.15b** (provided evidence the program defines, publishes, consistently applies and makes readily available to students upon admission requirements and deadlines for progression in and completion of the program)
- **Standard B3.06a** (provided evidence supervised clinical practice experiences occur with physicians who are specialty board certified in their area of instruction)
- **Standard B4.01b** (lacked evidence that the program conducts frequent, objective and documented evaluations of student performance in meeting the program's learning outcomes and instructional objectives for both didactic and supervised clinical practice experience components that allow the program to identify and address any student deficiencies in a timely manner)
