### April 2026

The commission **reviewed and more information requested** of the report addressing 5<sup>th</sup> edition

- **Standard B3.06a** (lacked evidence supervised clinical practice experiences occur with physicians who are specialty board certified in their area of instruction)
- **Standard B4.01a** (lacked evidence the program conducts frequent, objective and documented evaluations of student performance in meeting the program's learning outcomes and instructional objectives for both didactic and supervised clinical practice experience components and that align with what is expected and taught)
- **Standard B4.01b** (lacked evidence the program conducts frequent, objective and documented evaluations of student performance in meeting the program's learning outcomes and instructional objectives for both didactic and supervised clinical practice experience components and that allow the program to identify and address any student deficiencies in a timely manner)

Additional information (Completed "Preceptor License Cert Template," description of how the program aligns student assessment with what the program expects of a student on SCPEs, and how the preceptor evaluation allows the program to identify and address any student deficiencies in the program's expected learning outcomes in a timely manner) due August 3, 2026.

No additional information required for 5<sup>th</sup> edition:

- **Standard A3.15b** (provided evidence the program defines, publishes, consistently applies and makes readily available to students upon admission requirements and deadlines for progression in and completion of the program)
- **Standard A3.15c** (provided evidence the program defines, publishes, consistently applies and makes readily available to students upon admission policies and procedures for remediation and deceleration)

Report due July 3, 2026:

- Update link to program website in Program Management Portal.

### June 2025
