PREFACE

Accreditation - Provisional is an accreditation status first awarded when the plans and resource allocation, if fully implemented as planned, of a proposed program that has not yet enrolled students appear to demonstrate the program's ability to meet the ARC-PA *Standards*.

Only those institutions that meet the eligibility criteria and are actively engaged in establishing a program for the education of physician assistants are eligible for provisional accreditation. The ARC-PA will not consider institutions that are not in good standing with their regional accrediting bodies.

The provisional accreditation process begins with a determination of institutional eligibility to sponsor a program. The process involves a thorough review of the planning, organization, evaluation and proposed/actual content of a program that is in the advanced planning stages. The program is eligible to continue its accreditation status of accreditation-provisional with subsequent evaluations and commission reviews as defined in ARC-PA policies and processes. After successfully completing the multi-year provisional accreditation process, the program is eligible for the status of accreditation-continued.

The program will be subject to denial of accreditation and to denial of future eligibility for accreditation in the event that any of the statements or answers made in documents or the application are false or in the event that the program violates any of the rules or regulations governing applicant programs.

Please pay particular attention to Section D of the Standards.

ELIGIBILITY

The ARC-PA accredits only qualified PA programs offered by, or located within, institutions chartered by and physically located within, the *United States* and where students are geographically located within the *United States* for their education.

A single institution *must* be clearly identified as the sponsor of the program and *must* be authorized under applicable law to provide a program of post-secondary education. It *must* be accredited by, and in good standing with, a *recognized regional accrediting agency* and *must* be authorized by that agency to confer upon graduates of the PA program a graduate degree.

Institutions planning to develop a program and apply for provisional accreditation that do not meet these eligibility requirements will not be considered by the ARC-PA.

PROGRAM REVIEW

Accreditation of PA programs is a process initiated by the sponsoring institution. It includes a comprehensive review of the program relative to the *Standards* and it is the responsibility of the PA program to demonstrate its compliance with the *Standards*. Accreditation decisions are based on the ARC-PA's evaluation of information contained in the accreditation application, the report of the site visit evaluation team, any additional requested reports or documents submitted to the ARC-PA by the program or institution and the program accreditation history.

PLEASE NOTE

- The term “student(s)” as used in this document refers to those individuals enrolled in the PA program.
- *Italics* are used to reflect words and terms defined in the glossary of the *Standards*.

NOTE ABOUT APPENDICES

Throughout this document, references are made to required content and data for required appendices. In some cases, the content is to be provided by completion of ARC-PA developed TEMPLATES. In other cases, the program is given the latitude of displaying the data in a graphic display it designs. The program must also respond to all required narratives for the appendices.

Additionally, programs are required to include specific information, as listed in the table of required appendices, which may not otherwise be addressed in the body of this document.

TECHNICAL DIRECTIONS FOR COMPLETING THE APPLICATION

This application and its appendices were developed for use with Word 2010 or later for PC. As some features of the documents are NOT compatible with Word for Mac, the use of a Mac for completion is NOT recommended.

The application and appendices require programs to complete tables, provide narratives and mark text boxes. To complete the tables, left click inside the cells and type the required information. To provide narratives, left click inside the narrative boxes and begin typing. Although the fields may appear small, they will expand to allow as much text as needed. If the text extends beyond the page, the document will automatically repaginate. **DO NOT** insert tables or graphs into the boxes or fields. Please append if required. To mark a check box, left click inside the box.

Provide log-in information for any links that require passwords.

Note that words appearing in *italics* are defined in the glossary of the Accreditation *Standards*. The glossary can be found at the end of the application.

The **Provide Narrative** sections are to be answered with brief and succinct answers.

The application and appendices are “protected.” You will be unable to insert or delete pages or modify anything that is not inside a text or form field. **DO NOT** attempt to unprotect the document. If you unprotect the document, there is a strong possibility that all entered data will be lost.

After you have completed the application and each appendix, use the “Save” or “Save As” command under the File menu. The application and each appendix are to be saved with the same name it was given by the ARC-PA, with the inclusion of an abbreviation of the program’s name at the end of the document name. For example: App 1b Program Budget ABC or App 4d Personnel Resp ABC. **Important Note – Abbreviate as necessary; the title may not exceed 30 characters, including spaces.** The application and templates provided by the ARC-PA are to be saved in the format in which they were created. **DO NOT SAVE AS PDF.** Program-generated documents can be saved in any format. The

document must be saved in the appropriate folder. For example: App 1b Program Budget ABC is to be saved in the Appendix 1 folder.

If you have any difficulties or questions, contact the ARC-PA offices at 770-476-1224 or accreditationservices@arc-pa.org.

Please return the completed application and appendices to the ARC-PA office as directed in the Saving and Submissions Instructions at the end of the application.

THE *SHOULD* STANDARDS

Should is term used to designate requirements that must be met unless there is a compelling reason, acceptable to the ARC-PA, for not complying. Programs not meeting any component(s) of a *should* standard are expected to describe in detail efforts to meet the standard and why they are unable to do so. At the time of the review by the commission, a program or institution may be cited for failing to comply with a requirement that includes the term ‘should.’

INFORMATION ABOUT THE SELF-ASSESSMENT PROCESS AND SELF-STUDY REPORT

Since a program applying for provisional accreditation has no students and little data, the majority of this report is descriptive. It is essential that programs give careful thought to providing responses that address the program’s plan for collection and critical *analysis* of data. Programs should review helpful resources including the *Data Analysis Resource* and *Notes to Programs SSR Editions*, and the Ongoing Program Self-Assessment portion of the Accreditation Manual:

SECTION C: EVALUATION

INTRODUCTION

The program *must* have a robust and systematic process of ongoing self-assessment to review the quality and *effectiveness* of their educational practices, policies and outcomes. This process *should* be conducted within the context of the mission and *goals* of both the sponsoring institution and the program, using the 5th edition Accreditation Standards for Physician Assistant Education (*Standards*) as the point of reference. A well-developed process occurs throughout the academic year and across all phases of the program. It includes analysis of quantitative and qualitative data collected from students, graduates, faculty (principal and instructional) and staff, as applicable. It critically assesses all aspects of the program relating to sponsorship, resources, students, operational policies, curriculum and clinical sites. Ongoing assessment of educational experiences is used to identify strengths and areas in need of improvement and leads to the development of plans for corrective intervention. The program's data collection and evaluation *must* be submitted using forms and processes developed by the ARC-PA. The data sources specified are considered minimums. Programs are encouraged to use additional data sources.

C1 ONGOING PROGRAM SELF-ASSESSMENT

In responding to standards **C1.01a-g, C1.02a-d and C1.03**, **Complete** the separate **Self-Study Report** for **Appendix 14**.

C2 CLINICAL SITE EVALUATION

C2.01 The program *must* define and maintain effective processes and document the initial and ongoing evaluation of all sites and *preceptors* used for *supervised clinical practice experiences*, to ensure that students are able to fulfill program *learning outcomes* with access to:

- a) physical facilities,
- b) patient populations, and
- c) supervision.

patient populations, and appropriate supervision allowing students to fulfill program *learning outcomes*.

SECTION D: PROVISIONAL ACCREDITATION

INTRODUCTION

Accreditation - Provisional is an accreditation status first awarded when the plans and resource allocation, if fully implemented as planned, of a proposed program that has not yet enrolled students appear to demonstrate the program's ability to meet the *ARC-PA Standards*.

Only those institutions that meet the eligibility criteria and are actively engaged in establishing a program for the education of physician assistants are eligible for provisional accreditation. The ARC-PA will not consider institutions that are not in good standing with their regional accrediting bodies.

The provisional accreditation process begins with a determination of institutional eligibility to sponsor a program. The process involves a thorough review of the planning, organization, evaluation and proposed/actual content of a program that is in the advanced planning stages. The program is eligible to continue its accreditation status of accreditation-provisional with subsequent evaluations and commission reviews as defined in ARC-PA polices and processes. After successfully completing the multi-year provisional accreditation process, the program is eligible for the status of accreditation-continued.

The program will be subject to denial of accreditation and to denial of future eligibility for accreditation in the event that any of the statements or answers made in documents or the application are false or in the event that the program violates any of the rules or regulations governing applicant programs.

This section of the *Standards* applies only to programs applying for entry into the ARC-PA accreditation process as a new provisional applicant program.

D1 PROVISIONAL ACCREDITATION REQUIREMENTS

Programs applying for provisional accreditation *must* demonstrate compliance, or the ability to comply when operational, with all accreditation *Standards*, including the specific provisional accreditation standards below. Programs planning to apply for provisional accreditation *must* contact the ARC-PA early in their planning phase, and before preparing accreditation application materials, to discuss the process and timelines. Typically, the institution official assigned to be responsible for the development of the program is a Provost or individual designated by the institution President. The ARC-PA does not consider a *consultant* to be an appropriate individual responsible for the development of the program. The curriculum *must* be approved by the institutional process prior to the site visit.

D1.01 Based on the qualifications outlined in the *Standards*, the program *must* have:

- a) A 1.0 FTE program director hired by the institution on a permanent basis at least 15 months prior to the date of the scheduled site visit. If the person holding the position of program director changes in the 15 months prior to the date of the scheduled site visit, the program may be removed from the commission agenda.

This was addressed in part by completing the Program Datasheet (Appendix 1a) and providing the ARC-PA CV TEMPLATES in Appendix 4b.

Hire Date of Program Director: Click or tap to enter a date.

Provide narrative describing how the program demonstrates compliance with D1.01a.

- b) A medical director appointed by the institution on a permanent basis at least 15 months prior to the date of the scheduled site visit.

This was addressed in part by completing the Program Datasheet (Appendix 1a) and providing the ARC-PA CV TEMPLATES in Appendix 4b.

Hire Date of Medical Director: Click or tap to enter a date.

Provide narrative describing how the program demonstrates compliance with D1.01b.

- c) 2.0 FTE PA-C principal faculty and 1.0 FTE support staff hired by the institution on a permanent basis at least 9 months prior to the date of the scheduled site visit.

This was addressed in part by completing the Program Datasheet (Appendix 1a) and providing the ARC-PA CV TEMPLATES in Appendix 4b.

- d) A chief administrative officer or designee assigned to be responsible for the development of the program.

Provide narrative describing how the program demonstrates compliance with D1.01d including the name of the chief administrative officer or designee assigned.

- D1.02 The developing program *must* publish and make *readily available* to everyone who requests information, applies, or plans to enroll:
- its ARC-PA applicant status as provided to the program by the ARC-PA,
 - that the program is not yet accredited, and
 - the implications of non-accreditation by the ARC-PA.

The program provided the active hyperlink to the web page where information about the program's accreditation status and implication is posted in response to standard **A3.12a**. If institutional policies prevent the program from making its website publicly available prior to accreditation, place a copy of the content to be published on its website in **Appendix 19**.

The program included a blinded sample of the correspondence/document used to communicate with those inquiring about the program in **Appendix 6a**, in response to standard **A3.11**.

Provide narrative describing how the program demonstrates compliance with D1.02a-c.

- D1.03 Prior to the ARC-PA provisional comprehensive evaluation site visit, the program *must* have a complete and institution approved curriculum and have established evaluation methods for all didactic and clinical components of the program.

Provide narrative describing how the program demonstrates compliance with D1.03, including **detailed narrative** identifying the planned institutional approval of the curriculum if not approved prior to submission of the application.

In **Appendix 9c**, **provide documentation** of institutional approval of the curriculum including all didactic and clinical components of the program in an **appended document**, if approved prior to submission of the application. If this is not provided in the application, the program is required to provide this documentation at the time of the site visit.

- D 1.04 The program *must* provide detailed information for each course and *rotation* offered in the program. The program *must* have a course syllabus for each course and *rotation* that includes the:
- course name,
 - course description,
 - course goal/rationale,
 - outline of topics to be covered,
 - learning outcomes and instructional objectives*,
 - faculty instructor of record if known,
 - methods of student assessment/evaluation, and
 - plan for grading.

The program included all didactic and clinical syllabi in **Appendix 17**. Although these documents may be updated by the program between the time of application submission and

the site visit. These are part of the application of record and are the syllabi the commission will use to verify the content of each course and rotation in the program.

As the program director, I am aware of this requirement. **Enter Initials.**

- D1.05 The program *must* have signed agreements from prospective clinical sites participating in the *supervised clinical practice experiences sufficient* in number to meet the needs of the *maximum class size*.

This was addressed in part by completing the **ARC-PA Supervised Clinical Practice Experience TEMPLATE** in **Appendix 11a**.

The program included copies of **two** signed agreements between the sponsoring institution/PA program and clinical affiliates providing *supervised clinical practice experiences* in **Appendix 2b** in response to B3.01.

At the time of the site visit, in addition to the **ARC-PA Supervised Clinical Practice Experience (SCPE) TEMPLATE**, the program must have signed affiliation agreements with facilities that have agreed to accept students for clinical *rotations*. **If number of clinical placements are not included in the signed affiliation agreements, the program must have another form of documentation at the time of the site visit to verify sufficient clinical placements, based on the needs of the maximum class size, for all SCPEs for the entire clinical phase of the program.**

As the program director, I am aware of this responsibility. **Enter Initials.**

- D1.06 If provisional accreditation status is granted, the program *must* not admit more students than the number requested by the program and approved by the ARC-PA.

This was addressed by completing the **ARC-PA Institutional and Program Datasheet** in **Appendix 1a**.

As the program director, I am aware of this responsibility. **Enter Initials.**

Provide additional comments on the D *Standards* for the site visitors to consider, if necessary.

SECTION E: ACCREDITATION MAINTENANCE

Programs are expected to provide reports and documents as required by the ARC-PA.

Based on the data contained in reports and documents, the program may be required to submit additional information, may be scheduled for an onsite evaluation, may have the length of time between comprehensive evaluation visits changed, or may have its accreditation status altered.

Programs are reminded that the signatures of the chief administrative officer and program director in submission of this application indicate understanding and agreement to abide with this section of the *Standards*.

SAMPLE MAR. 2023

Accreditation Review Commission on Education
for the Physician Assistant, Inc.

SELF-STUDY REPORT[®]

For programs eligible for Accreditation-Provisional
To be submitted with the application in Appendix 14
December 2021

TECHNICAL DIRECTIONS FOR COMPLETING THE SELF-STUDY REPORT (SSR)

This SSR and its appendices were developed for use with Word 2010 or later for PC. As some features of the documents are NOT compatible with Word for Mac, the use of a Mac for completion is NOT recommended.

Since a program applying for provisional accreditation has no students and little data, the majority of this report is descriptive.

The SSR and appendices require programs to complete tables, provide narratives and mark text boxes. To complete the tables, left click inside the cells and type the required information. To provide narratives, left click inside the narrative boxes and begin typing. Although the fields may appear small, they will expand to allow as much text as needed. If the text extends beyond the page, the document will automatically repaginate. **DO NOT** insert tables or graphs into the boxes or fields. To mark a check box, left click inside the box.

The **Provide Narrative** sections are to be answered with brief and *succinct* answers. It is essential that programs give careful thought to providing responses that address their plans for the critical *analysis* of data.

The SSR and appendices are “protected.” You will be unable to insert or delete pages or modify anything that is not inside a text or form field. **DO NOT** attempt to unprotect the document. If you unprotect the document, there is a strong possibility that all entered data will be lost.

After you have completed the SSR and each appendix, use the “Save” or “Save As” command under the File menu. The SSR and each appendix are to be saved with the same name it was given by the ARC-PA, with the inclusion of an abbreviation of the program’s name at the end of the document name. For example: App 14A Timeline ABC. **Important Note – Abbreviate as necessary; the title of any document or folder in the application may not exceed 30 characters, including spaces. DO NOT save the document as a PDF.** The document must be saved in the **Appendix 14** folder.

If you have any difficulties or questions, contact the ARC-PA offices at accreditationservices@arc-pa.org.

STANDARDS SECTION C: EVALUATION

Provide a one to two-paragraph overview describing the proposed program.

Include: a brief description of the sponsoring institution; the type and number of students planned for admission; a brief description of the curriculum including length and degree awarded and how the program plans to meet its mission. **Include** any other unique features that you believe will be helpful for the commission to better know the program. If this overview is available on a web site, include the URL here. [Click here to enter url](#)

C1 Ongoing Program Self-Assessment

C1.01 The program *must* define its ongoing self-assessment process that is designed to document program *effectiveness* and foster program improvement. At a minimum, the process *must* address:

- a) administrative aspects of the program and institutional resources,
- b) *effectiveness* of the didactic curriculum,
- c) *effectiveness* of the clinical curriculum,
- d) preparation of graduates to achieve program defined *competencies*,
- e) *PANCE* performance,
- f) *sufficiency* and *effectiveness* of *principal and instructional faculty* and staff, and
- g) success in meeting the program's *goals*.

Provide Narrative describing the program's planned, formal, continuous self-assessment process utilized throughout the academic year and in all phases of the program. Indicate how evidence of student learning, program administrative functions/operations and outcomes (C1.01a-g) will be gathered, critically analyzed, and applied to identify program strengths, program areas in need of improvement, and action plans.

The process described should be consistent with the data sources and timing of data collection and analysis listed in the **Timeline for Data Gathering and Analysis TEMPLATE Appendix 14A**.

Narrative must Include:

- Identification of how data (qualitative and quantitative) will be collected addressing all aspects of the program's self-assessment process (C1.01a-g).
- Description of the program plans to approach analysis of the qualitative data to be collected, including the benchmarks/thresholds (with rationale)
- Description of the program plans to approach analysis of the quantitative data to be collected, including the benchmarks/thresholds (with rationale)

- Identification of who will be responsible for the analysis.
- The process of analysis of data to determine relationships and monitor trends, relating the data to the expectations or identified issues or concerns of the program.
- How strengths and areas in need of improvement will be identified.
- Who will be responsible for implementation of actions to address needed improvements.

For this provisional application, complete the ARC-PA **Timeline for Data Gathering and Analysis TEMPLATE (Appendix 14A)** showing the planned self-assessment process.

- C1.02 The program *must* implement its ongoing self-assessment process by:
- conducting data collection,
 - performing critical *analysis* of data, and
 - applying the results leading to conclusions that identify:
 - program strengths,
 - program areas in need of improvement, and
 - action plans.

If accredited, for future ARC-PA comprehensive reviews, the program will be asked to verify by its self-study report (SSR), how it has implemented its ongoing program self-assessment to identify program strengths, areas in need of improvement and resulting actions.

As the program director, I am aware of this requirement and responsibility. [Click here to enter name and date](#)

SELF-STUDY REPORT

Accredited programs are asked to complete a Self-Study Report (SSR) that requests specific data the program collects in various areas related to standard C1.01. The program may be required to provide data or ARC-PA data templates may be provided to display that data. The report requires programs to provide narrative about *analysis* of data and actions taken based upon that *analysis*. Programs are not limited to *analysis* of the ARC-PA required data but should report on *analysis* and actions taken based upon the program's ongoing program self-assessment process that is designed to document program effectiveness and foster program improvement.

If accredited, for future ARC-PA comprehensive reviews, the program will be required to complete ALL tables, templates and questions as part of the Self-Study Report (SSR) component of the application.

As the program director, I am aware of this requirement and responsibility. [Click here to enter name and date](#)

- C1.03 The program *must* prepare a self-study report as part of the application for accreditation that *accurately* and *succinctly* documents the process, application and results of ongoing program self-assessment. The report *must* follow the guidelines provided by the ARC-PA.

Review the required SSR from the Sample Continuing Application or Sample Final Provisional Application provided on the ARC-PA website <http://www.arc-pa.org/accreditation/resources/application-materials/>.

As the program director, I have reviewed the Self-Study Report documents on the ARC-PA website, and I am aware of the requirements and responsibility related to the required self-study report for future ARC-PA reviews. [Click here to enter name and date](#)

(To support the process described in response to C1.01)

Complete the table below representing the program’s planned self-assessment process. The table must include the timing of data collection and analysis (for example: “end of each semester”, “annually in August”, etc.). The timing of data collection and analysis may be listed separately if appropriate for example “Data collected March – April. Analysis annually in May.” Indicate who (job title, committee name etc.) will be responsible for study of the data.

Save this document in the folder labeled **Appendix 14**. Include an abbreviation of the program’s name at the end of the document name. For example, App 14A Timeline ABC

Important Note – Abbreviate as necessary; the title of any document or folder in the application may not exceed 30 characters, including spaces.

Include other data sources as appropriate.

If any of the data sources listed are not used by the program, leave that row blank.

SAMPLE MAR. 2023

Place the following program-created documents for **Appendix 15** in this folder:

Forms used by the program to evaluate clinical sites and *preceptors* used for *supervised clinical practice experiences* in relation to C2.01

The application and each appendix are to be saved with the same name it was given by the ARC-PA, with the inclusion of an abbreviation of the program's name at the end of the document name. For example: App 1b Program Budget ABC or App 4d Personnel Resp ABC. **Important Note – Abbreviate as necessary; the title may not exceed 30 characters, including spaces.**

The application and templates provided by the ARC-PA are to be saved in the format in which they were created. **DO NOT SAVE AS PDF.** Program-generated documents can be saved in any format.

The document must be saved in the appropriate folder. For example: App 1b Program Budget ABC is to be saved in the Appendix 01 folder.

SAMPLE MAR 2023

Place the following program-created document for **Appendix 16** in this folder:

Copies of program and/or institutional handbooks/manuals containing policies

Providing copies of handbooks/manuals in the application of record does not negate the need for programs to **append evidence of compliance in appendices** as required throughout the application. The site visitors will NOT search this appendix for evidence of compliance.

The syllabi and manuals appended to the program's application will be used by the commission, as needed, as evidence of compliance with the *Standards*. **Although these documents may be updated by the program between the time of application submission and the site visit. These are part of the application of record and are the handbooks/manuals the commission will use to verify the content of each course and rotation in the program.**

The application and each appendix are to be saved with the same name it was given by the ARC-PA, with the inclusion of an abbreviation of the program's name at the end of the document name. For example: App 1b Program Budget ABC or App 4d Personnel Resp ABC. **Important Note – Abbreviate as necessary; the title may not exceed 30 characters, including spaces.**

The application and templates provided by the ARC-PA are to be saved in the format in which they were created. **DO NOT SAVE AS PDF.** Program-generated documents can be saved in any format.

The document must be saved in the appropriate folder. For example: App 1b Program Budget ABC is to be saved in the Appendix 01 folder.

Place the following program-created document for **Appendix 17** in this folder:

Zip file containing syllabi for standard B1.03 & D1.04 used for **ALL** courses/rotations in the curriculum that must include at a minimum:

- course name (academic credit),
- course description,
- faculty instructor of record if known,
- course goal/rationale,
- outline of topics to be covered,
- in measurable terms that can be assessed, that guide student acquisition of required *competencies*,
- outline of topics to be covered that align with *learning outcomes* and *instructional objectives*,
- methods of student assessment/evaluation, and
- plan for grading.

Providing copies of course syllabi in the application of record does not negate the need for programs to **append evidence of compliance in appendices** as required throughout the application. The site visitors will NOT search this appendix for evidence of compliance.

The word 'syllabus' is purposefully not defined in the ARC-PA glossary. The Commission expects this information to be defined and published for students in a written or electronic document.

If the program is under institutional restrictions to include any of the requirements for Standard B1.03 within its course syllabi, then the program must include that information as an appendix to the course syllabi.

The syllabi and manuals appended to the program's application will be used by the commission, as needed, as evidence of compliance with the *Standards*. **Although these documents may be updated by the program between the time of application submission and the site visit. These are part of the application of record and are the syllabi the commission will use to verify the content of each course and rotation in the program.**

The application and each appendix are to be saved with the same name it was given by the ARC-PA, with the inclusion of an abbreviation of the program's name at the end of the document name. For example: App 1b Program Budget ABC or App 4d Personnel Resp ABC. **Important Note – Abbreviate as necessary; the title may not exceed 30 characters, including spaces.**

The application and templates provided by the ARC-PA are to be saved in the format in which they were created. **DO NOT SAVE AS PDF.** Program-generated documents can be saved in any format.

The document must be saved in the appropriate folder. For example: App 1b Program Budget ABC is to be saved in the Appendix 01 folder.

Place the following program-created document(s) for **Appendix 18** in this folder:

- a) List of teaching equipment, models, simulators that are available or will be purchased (A1.09)
- b) List of required texts, subscriptions, references, and equipment (required to be purchased and used by students) (A3.12f)

The application and each appendix are to be saved with the same name it was given by the ARC-PA, with the inclusion of an abbreviation of the program's name at the end of the document name. For example: App 1b Program Budget ABC or App 4d Personnel Resp ABC. **Important Note – Abbreviate as necessary; the title may not exceed 30 characters, including spaces.**

The application and templates provided by the ARC-PA are to be saved in the format in which they were created. **DO NOT SAVE AS PDF.** Program-generated documents can be saved in any format.

The document must be saved in the appropriate folder. For example: App 1b Program Budget ABC is to be saved in the Appendix 01 folder.

Place the following document(s) for **Appendix 19** in this folder:

A copy of the content to be published on the program/institution website if institutional policies prevent the program from making its website publicly available prior to accreditation.

The application and each appendix are to be saved with the same name it was given by the ARC-PA, with the inclusion of an abbreviation of the program's name at the end of the document name. For example: App 1b Program Budget ABC or App 4d Personnel Resp ABC. **Important Note – Abbreviate as necessary; the title may not exceed 30 characters, including spaces.**
