## PREFACE

Accreditation - Provisional is an accreditation status granted when the plans and resource allocation, if fully implemented as planned, of a proposed program that has not yet enrolled students appear to demonstrate the program's ability to meet the ARC-PA *Standards* or when a program holding accreditation-provisional status appears to demonstrate continued progress in complying with the *Standards* as it prepares for the graduation of the first class (cohort) of students.

Accreditation-provisional status does not ensure any subsequent accreditation status. As is true for other accredited programs, serious issues concerning the institution's or program's ability to demonstrate compliance with the *Standards*, at any point in the provisional process, may result in an adverse accreditation action. Programs that have their accreditation withdrawn may re-enter the provisional process at a later date.

The provisional accreditation review process includes a series of three site visits prior to subsequent commission reviews and accreditation action. **Provisional monitoring visits** are scheduled within six months of graduation of the first cohort of students. As scheduling permits on the ARC-PA calendar, these visits are ideally conducted within the final three months of the end of the program. These visits are conducted to institutions and programs that have successfully achieved provisional accreditation. They evaluate the sponsoring institution's and provisionally accredited program's progress in delivering the program in compliance with the *Standards* and their ability to continue to do so.

An on-site evaluation of the sponsoring institution/program is an important and required part of the provisional accreditation process. The provisional monitoring visit includes meetings with representatives of the administration, the program director, *program faculty* and staff, as well as with current students.

The application document and site visit evaluation are used to assess the extent of the program's compliance with all of the *Standards*.

## PROGRAM REVIEW

Accreditation of PA programs is a process initiated by the sponsoring institution. It includes a comprehensive review of the program relative to the *Standards* and it is the responsibility of the PA program to demonstrate its compliance with the *Standards*. Accreditation decisions are based on the ARC-PA's evaluation of information contained in the accreditation application, the report of the site visit evaluation team, any additional requested reports or documents submitted to the ARC-PA by the program and the program accreditation history.

The program management portal and the program website must be maintained and be up to date and compliant with the *Standards* at all times. The program management portal and the program website will be reviewed by the commission in conjunction with this application. It is the responsibility of the program to maintain both the website and the portal on an on-going basis. Failure to maintain either may result in reconsideration of the program's accreditation status. A user manual is available on the portal to provide guidance and answer questions about the portal.

**PLEASE NOTE**

- The term “student(s)” as used in this document refers to those individuals enrolled in the PA program.
- *Italics* are used to reflect words and terms defined in the glossary of the *Standards*. The glossary may be found at the end of this document as well.

**NOTE ABOUT APPENDICES**

Throughout this document, references are made to required content and data for required appendices. In some cases, the content is to be provided by completion of ARC-PA developed TEMPLATES. In other cases, the program is given the latitude of displaying the data in a graphic display it designs. The program must also respond to all required narratives for the appendices.

Additionally, programs are required to include specific information, as listed in the table of required appendices, which may not otherwise be addressed in the body of this document.

**TECHNICAL DIRECTIONS FOR COMPLETING THE APPLICATION**

**This application and its appendices were developed for use with Word 2010 or later for PC.** As some features of the documents are NOT compatible with Word for Mac, the use of a Mac for completion is NOT recommended.

The application and appendices require programs to complete tables, provide narratives and mark text boxes. To complete the tables, left click inside the cells and type the required information. To provide narratives, left click inside the narrative boxes and begin typing. Although the fields may appear small, they will expand to allow as much text as needed. If the text extends beyond the page, the document will automatically repaginate. **DO NOT** insert tables or graphs into the boxes or fields. Please append if required. To mark a check box, left click inside the box.

**Provide** log-in information for any links that require passwords.

**Note** that words appearing in *italics* are defined in the glossary of the Accreditation *Standards*. The glossary can be found at the end of the application.

The **Provide Narrative** sections are to be answered with brief and succinct answers.

The application and appendices are “protected.” You will be unable to insert or delete pages or modify anything that is not inside a text or form field. **DO NOT** attempt to unprotect the document. If you unprotect the document, there is a strong possibility that all entered data will be lost.

After you have completed the application and each appendix, use the “Save” or “Save As” command under the File menu. The application and each appendix are to be saved with the same name it was given by the ARC-PA, with the inclusion of an abbreviation of the program’s name at the end of the document name. For example: App 1b Program Budget ABC or App 4d Personnel Resp ABC. **Important Note – Abbreviate as necessary; the title may not exceed 30 characters, including spaces.** The application and templates provided by the ARC-PA are to be saved in the format in which they were created. **DO NOT SAVE AS PDF.** Program-generated documents can be saved in any format. The

document must be saved in the appropriate folder. For example: App 1b Program Budget ABC is to be saved in the Appendix 1 folder.

If you have any difficulties or questions, contact the ARC-PA offices at [accreditationservices@arc-pa.org](mailto:accreditationservices@arc-pa.org).

Please return the completed application and appendices to the ARC-PA office as directed in the Saving and Submissions Instructions at the end of the application.

## THE *SHOULD* STANDARDS

*Should* is term used to designate requirements that must be met unless there is a compelling reason, acceptable to the ARC-PA, for not complying. Programs not meeting any component(s) of a *should* standard are expected to describe in detail, efforts made to meet the standard and explain why they are unable to do so. At the time of the review by the commission, a program or institution may be cited for failing to comply with a requirement that includes the term "*should*."

## INFORMATION ABOUT THE SELF-ASSESSMENT PROCESS AND SELF-STUDY REPORT

This application requires the completion of templates and narrative questions related to the ongoing self-assessment process which will constitute the content of the Self-Study Report (SSR). It is essential that programs give careful thought to providing responses that address the critical *analysis* of data. Programs should review helpful resources including the *Data Analysis Resource* and *Notes to Programs SSR Editions*, and the Ongoing Program Self-Assessment portion of the Accreditation Manual: <https://www.arc-pa.org/accreditation-manual/>

## SECTION C: EVALUATION

### INTRODUCTION

The program *must* have a robust and systematic process of ongoing self-assessment to review the quality and *effectiveness* of their educational practices, policies and outcomes. This process *should* be conducted within the context of the mission and *goals* of both the sponsoring institution and the program, using the 5<sup>th</sup> edition Accreditation Standards for Physician Assistant Education (*Standards*) as the point of reference. A well-developed process occurs throughout the academic year and across all phases of the program. It includes analysis of quantitative and qualitative data collected from students, graduates, faculty (principal and instructional) and staff, as applicable. It critically assesses all aspects of the program relating to sponsorship, resources, students, operational policies, curriculum and clinical sites. Ongoing assessment of educational experiences is used to identify strengths and areas in need of improvement and leads to the development of plans for corrective intervention. The program's data collection and evaluation *must* be submitted using forms and processes developed by the ARC-PA. The data sources specified are considered minimums. Programs are encouraged to use additional data sources.

### **C1 ONGOING PROGRAM SELF-ASSESSMENT**

In responding to standards **C1.01a-g**, **C1.02a-d** and **C1.03**, **Complete** the separate **Self-Study Report** for **Appendix 14**.

### **C2 CLINICAL SITE EVALUATION**

C2.01 The program *must* define and maintain effective processes and document the initial and ongoing evaluation, of all sites and *preceptors* used for *supervised clinical practice experiences* to ensure that students are able to fulfill program *learning outcomes* with access to:

- a) physical facilities,
- b) patient populations, and
- c) supervision.

**Include** a blank copy(ies) of the form(s) used in this process in **Appendix 15**.

**Provide narrative** describing how the program demonstrates and reviews compliance with C2.01 a-c.

**Describe** the program's process for the **initial review** of all sites and preceptors used for *supervised clinical practice experiences* to ensure that they provide access to physical facilities, patient populations and appropriate supervision allowing students to fulfill program *learning outcomes*. Refer to **the self-study report** as needed.

**Describe** the program's process for the **ongoing review** of all sites and preceptors used for *supervised clinical practice experiences* to ensure that they provide access to physical facilities, patient populations and appropriate supervision allowing students to fulfill program *learning outcomes*. Refer to **the self-study report** as needed.

The information on the page is exported into a downloaded Excel file. Depending on your browser and the version of Microsoft Office you have installed, the downloaded Excel file may appear in various locations on your screen (most commonly, the exported file will appear in the bottom left corner of your screen). The exported file created contains all the information displayed in the columns on the **SCPE** tab of the portal.

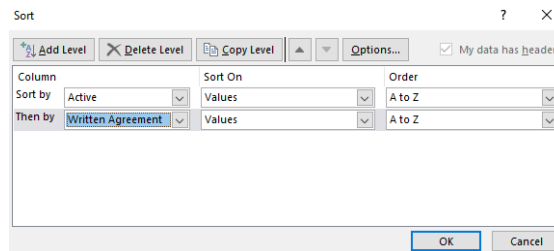

- 3 Open the file. Enable editing, if asked.

1	Site Name	Active	State	Written Agreement	Distance from (Main)	Distance from
2	ABC Medical Center	Yes	GA	Yes	50.00	590.00
3	Adams Family, Family Practice	Yes	GA	Yes	11.00	
4	Best Clinical Facility	Yes	GA	Yes	4.00	
5	David Heart Cardiology	Yes	GA	Yes	14.00	

**Note:** Any changes you make in the Excel file do not affect the information in the SCPE tab in the portal. Also, to keep your Excel file up-to-date, you will need to use the **Export to Excel** button each time you modify the information in the **SCPE** tab in the portal.

- 4 Sort the data in the columns so that the sites are sorted first by those that are active, then by those with agreements and finally sorted alphabetically. This will place the active sites with agreements listed at the top of their respective columns.

- 5 Delete all rows representing sites that are not active (i.e. are not being used for SCPEs in the clinical phase covered by the application). Delete all rows representing sites that do not have written agreements. **Note: Do not delete the bottom "TOTAL" row.**

In this example: delete all grayed rows in the spreadsheet, without deleting the last "Total" Row. After deleting, the columns will update to reflect the total number of placements in active sites with agreements.

Save the spread sheet as "SCPE for Application to the ARC *insert program name*" OR "SCPE for Change Request to the ARC *insert program name*" OR "SCPE for Report to the ARC *insert program name*."

Keep a copy of the file for your records. Submit the e-copy in the appropriate appendix or as directed in the application, form or letter from the ARC-PA.

**There is NO way to upload the SCPE data from program files directly into the portal SCPE tab, due to virus and security issues. Program personnel will have to enter the data. Once data is entered into the portal it may be downloaded and printed or saved to your computer in various formats.**

B. To export SCPE information to a spreadsheet for **MULTI-CAMPUS** programs:

**Note:** Make sure that all **SCPE** information is updated before exporting to Excel.

These instructions will create a workbook with several worksheets within it. In the first worksheet, you will have all placements for all campuses. Tab 1 will then be created to reflect all placements for the MAIN campus; tab 2 will be created to reflect all placements for the first distant campus (and subsequent tabs will be created for each subsequent distant campus of the program).

- 1 From the **Program Detail** Page, select the **SCPE** tab.
- 2 At the bottom of the page, click the **Export to Excel** button.

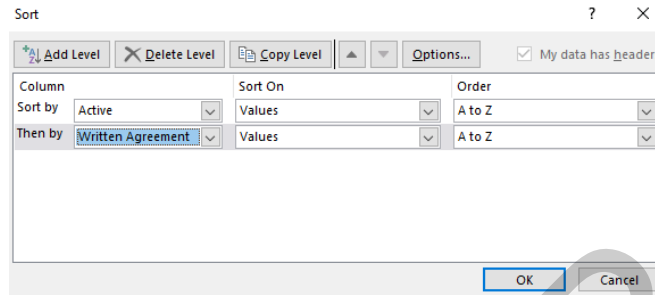

The information on the page is exported into a downloaded Excel file. Depending on your browser and the version of Microsoft Office you have installed, the downloaded Excel file may appear in various locations on your screen (most commonly, the downloaded file will appear in the bottom left corner of your screen). The exported file created contains all the information displayed in the columns on the **SCPE** tab of the portal.

- 3 Open the file. Enable editing, if asked.

In this example: delete all gray highlighted rows, without deleting the last **Total** row. After deleting, the columns will update to reflect the total number of placements in active sites with agreements.

- 6 Now copy the remaining data (with headings) and place into another tab (worksheet) by clicking on the "+" sign at the bottom of the Excel worksheet.

10	University Hospital	Yes	GA	Yes	1.00	
11	XYZ Site	Yes	AL	Yes	1.00	
12	Total					

- 7 Repeat and add the data and heading to another new tab (worksheet), Sheet 2. Now you will have the same data on three worksheets (tabs) within the Workbook.

1	Site Name	Active	State	Written Agreement	Distance from (Main)	Distance from Best Program Distant Campus 1
2	Adams Family, Family Practice	Yes	GA	Yes	11.00	
3	Best Clinical Facility	Yes	GA	Yes	18.00	1.00
4	David Heart Cardiology	Yes	GA	Yes	14.00

10	University Hospital	Yes	GA	Yes	1.00	
11	XYZ Site	Yes	AL	Yes	1.00	
12	Total					

If you have more than one distant campus, add a new worksheet to the workbook, as above, for each additional campus.

- 8 In Sheet 1, sort the data in the columns by Distance from (Main). This will place the active sites with agreements for the Main campus at the top of the respective column.

9 Now, remove any rows that do not have a distance from (Main) indicated, leaving the "Total" row at the bottom.

12	Total									47	95	14	35	17	18	51	15	4	6	11	

In this example, delete only the gray highlighted row.

In the example, this would be the SCPEs for the Main Campus:

1	A	B	C	D	E	F	H	I	J	K	L	M	N	O	P	Q	R	S	T	U	V
1	Site Name	State	Distance from (Main)	Distance from Best Program Distant Campus 1	outpat	inpatie	emerg	operatin	family med	internal med	behavior & ment	emerg	peds	elective	gen surg	ob/syn	geriatrics	preceptorship	orthopedics

11	Total									47	95	14	28	17	13	47	15	4	6	11	

- 10 On Sheet 2, sort the data in the columns by Distance from Distant Campus 1. This will place the active sites with agreements for the Distant Campus 1 at the top of the respective column.

Site Name	A	B	C	D	E	F	H	I	J	K	L	M	N	O	P	Q	R	S	T	U	V

XYZ Site	Yes	AL	Yes	1.00													1		1		
Total												47	95	14	35	17	18	51	15	4	6

Now, remove any rows that do not have a distance from Distant Campus 1 indicated (in this example, delete only the gray highlighted rows), leaving the "Total" row at the bottom.

In the example, this would be the SCPEs for the Distant Campus 1:

Site Name	A	B	C	D	E	F	H	I	J	K	L	M	N	O	P	Q	R	S	T	U	V
	Distance from (Main	Distance from Best Program Distant Campus 1	outpa	inpati	emerg	operati	family med	internal med	behavior &	emerg	peds	elective	gen surg	ob/gyn	geriatrics	preceptor	orthopedics

Total												35	59	14	15	6	17	10	4	3	6

If you have more than one distant campus, you would sort the data for each additional campus, as described above, deleting those placements that do not have a distance from the additional campus, as described in the steps above.

Now, rename each tab (worksheet) by double-clicking on the tab and changing the tab name to reflect the name of the campus (i.e., main, or distant campus) as indicated in the program application or report.

- 11 Save the Excel Workbook as “SCPEs for Application to the ARC *insert program name*” OR “SCPEs for Change Request to the ARC *insert program name*” OR “SCPEs for Report to the ARC *insert program name*.”

Keep a copy of the file for your records. Submit the e-copy in the appropriate appendix or as directed in the application, form or letter from the ARC-PA.

**There is NO way to upload the SCPE data from program files directly into the portal SCPE tab, due to virus and security issues. Program personnel will have to enter the data. Once data is entered into the portal it may be downloaded and printed or saved to your computer in various formats.**

## SELF-STUDY REPORT<sup>©</sup>

For Provisional Monitoring Visit

To be submitted with application in Appendix 14

November 2022

This document is to be used by accredited PA programs with a status of accreditation-provisional scheduled for a Provisional Monitoring Visit.

The Self-Study Report (SSR) must be submitted according to the directions at the end of the application.

### THE SELF-ASSESSMENT PROCESS AND REPORT

This application requires the completion of templates and narrative questions related to the ongoing self-assessment process which constitute the content of the Self-Study Report (SSR, [Appendix 14](#)).

The program may need to refer to issues related to selected standards addressed within the body of the application as it completes its SSR. The program need not repeat exact content from elsewhere in the application and may refer the reader to the specific standard and page of the application for content reference.

### DATA

In addition to the data required in the SSR, the program may provide additional data but only enough to support pertinent conclusions in the analysis. All source data should be available to the site visitors.

When incorporating relevant data from other areas (focus groups, PANCE system/task scores, faculty evaluation of their courses, etc.) provide an aggregate summary of the data being referenced. Follow the instructions for naming and saving the document in the appropriate folder.

When incorporating relevant data from other appendices, e.g. PANCE pass rates or student feedback, provide specific reference to the other appendices.

When qualitative data is cited (e.g. comments from a survey), provide a summary of the data and explain the method for analyzing it, e.g. number or percent of comments and/or trends over time. Report response rates.

Where data collection tools employ scales, state the scale used and provide definitions for each of the available scores. Report response rates.

Where called for, explicitly state benchmarks and explain the rationale for choosing that particular level of benchmark.

In general, use terminology from the *Standards*, upon which the SSR requirements are based, referring to the Glossary as needed.

### ANALYSIS

It is important that the program pay close attention to the ARC-PA's definition of analysis as noted in the Glossary of the *Standards*: Study of compiled or tabulated data interpreting correlations and trends, with the subsequent understanding and conclusions used to validate current practices or make changes as needed for program improvement.

#### THE FOUR KEY ELEMENTS OF ANALYSIS

1. The first element is the regular and ongoing collection of data. For ease of use and interpretation, the collected quantitative and qualitative data must be clearly displayed in tables and charts.
2. The second element is the analysis of data. This includes discussing and interpreting the correlations and trends relating the data to the expectations or issues of the program. This is to be demonstrated by succinctly written narratives which highlight the correlations/ relationships and trends.
3. The third element is application of results and the development of conclusions based on study of the data. These must be succinctly stated, showing the link between analysis and conclusions. This includes identification of strengths as well as areas in need of improvement.
4. The fourth element is the development of an action plan to operationalize the conclusions. Actions plans, too, must be succinctly stated and should logically result from the conclusions drawn from critical analysis of data.

#### ARC-PA EXPECTATIONS

Programs are asked to “**Provide Narrative** about the **analysis** based on data collected and displayed.” The ARC-PA expects that the program will use the data it has collected and placed in the tables and templates (as provided by the ARC-PA or as provided by the program), to discuss and interpret the correlations and trends relating the data to the expectations or identified issues or concerns of the program. It expects the program to **apply** the results and draw conclusions based on and related to the data and relationships of the data to the program expectations, issues or concerns. This includes identification of strengths (outcomes of analysis described in the SSR that indicate the program is meeting or exceeding its benchmarks or goals) as well as areas in need of improvement.

The ARC-PA expects that the program will present the modifications it has chosen to make based on the conclusions it has drawn and then identify areas in need of improvement. It expects these to be supported by the program's analysis of data.

In general, programs are expected to explicitly state the links between the data, analysis, conclusions and actions in the analysis and actions narratives.

### TECHNICAL DIRECTIONS FOR COMPLETING THE SELF-STUDY REPORT (SSR)

**This SSR and its appendices were developed for use with Word 2010 or later for PC.** As some features of the documents are NOT compatible with Word for Mac, the use of a Mac for completion is NOT recommended.

The SSR and appendices require programs to complete tables, provide narratives and mark text boxes. To complete the tables, left click inside the cells and type the required information. To provide narratives, left click inside the narrative boxes and begin typing. Although the fields may appear small, they will expand to allow as much text as needed. If the text extends beyond the page, the document will automatically repaginate. **DO NOT** insert tables or graphs into the boxes or fields. To mark a check box, left click inside the box.

**Note** that words appearing in *italics* are defined in the glossary of the Accreditation *Standards*. The glossary can be found at the end of the application.

The **Provide Narrative** sections are to be answered with brief and succinct answers.

The SSR and appendices are “protected.” You will be unable to insert or delete pages or modify anything that is not inside a text or form field. **DO NOT** attempt to unprotect the document. If you unprotect the document, there is a strong possibility that all entered data will be lost.

After you have completed the SSR and each appendix, use the “Save” or “Save As” command under the File menu. The SSR and each appendix are to be saved with the same name it was given by the ARC-PA, with the inclusion of an abbreviation of the program’s name at the end of the document name. For example: App14F PANCE Perform ABC. **Important Note – Abbreviate as necessary; the title of any document or folder in the application may not exceed 30 characters, including spaces.** The SSR and templates provided by the ARC-PA are to be saved in the format in which they were created. **DO NOT SAVE AS PDF.** Program-generated documents can be saved in any format. The document must be saved in the Appendix 14 folder.

If you have any difficulties or questions, contact the ARC-PA offices at [accreditationservices@arc-pa.org](mailto:accreditationservices@arc-pa.org).

### NOTE ABOUT APPENDICES TO THE APPLICATION

Throughout this document, references are made to required content and data for required appendices to the SSR. In some cases, the content is to be provided by completion of ARC-PA developed TEMPLATES. In other cases, the program is given the latitude of displaying the data in a graphic display it designs. The program must respond to all required narratives in the appendices.

Additionally, programs are required to include specific information, as listed in the table of required appendices in the application, which may not otherwise be addressed in the body of the application.

### THE PORTAL

The ARC-PA will review the program’s Program Management Portal data in conjunction with its review of the application. The program is expected to have all data, in all tabs and sub tabs, accurate and up to date.

**APPLICATION OF RECORD:** The application submitted by the program to the ARC- PA office is considered the program's application of record. It is one component of the official program record used by the commission throughout the accreditation review process. Site visitors have been instructed **not** to accept any new or revised application materials from the program at the time of the visit. **If**, during the process of the visit, the site visitors suggest additional information or materials be submitted to the ARC-PA office, these materials are to be sent with the program's response to observations.

### STANDARDS SECTION C: EVALUATION

#### C1 Ongoing Program Self-Assessment

C1.01 The program *must* define its ongoing self-assessment process that is designed to document program *effectiveness* and foster program improvement. At a minimum, the process must address:

- administrative aspects of the program and institutional resources,
- effectiveness* of the didactic curriculum,
- effectiveness* of the clinical curriculum,
- preparation of graduates to achieve program defined *competencies*,
- PANCE performance,
- sufficiency* and *effectiveness* of *principal and instructional faculty* and staff, and
- success in meeting the program's *goals*.

**Complete** ARC-PA Timeline for Data Gathering and Analysis TEMPLATE for placement in **Appendix 14A**.

The process described should be consistent with the

- data sources and timing of data collection and analysis listed in the **Timeline for Data Gathering and Analysis TEMPLATE Appendix 14A**.
- narrative addressing the program's process of data collection and analysis provided in each of the **Appendices 14B through 14H**.

**The program may reference information provided in Appendices 14B through 14H** addressing the program's process of data collection and analysis but should not repeat the narrative here.

Click here to enter text.

**Complete** ARC-PA Timeline for Data Gathering and Analysis TEMPLATE for placement in **Appendix 14A**. (To support the process described in response to C1.01 above)

C1.02: The program *must* implement its ongoing self-assessment process by:

- conducting data collection,
- performing critical analysis of data, and
- applying the results leading to conclusions that identify:
  - program strengths,
  - program areas in need of improvement, and
  - action plans.

**Described** in response to C1.01 a-g and verified by discussion with site visitors at the time of the site visit.

### Self-Study Report

**C1.03:** The program *must* prepare a self-study report as part of the application for accreditation that accurately and succinctly documents the process, application and results of ongoing program self-assessment. The report *must* follow the guidelines provided by the ARC-PA.

#### **Complete** ARC-PA Student Attrition TEMPLATE.

**Complete** the table for the classes currently enrolled. This data will be used in analysis documented in several appendices of the self-study report. Use the **Comment** section to explain program nuances.

**Note:** Students who *remediated* represent students who did not leave the program. They are not to be included in this attrition table as a separate category. *Remediation* may or may not involve *deceleration* within the program. If students who *remediated* also *decelerated*, they may be listed as a *decelerated* student. *Remediation* of students is addressed elsewhere in the application.

- Class of: insert year class cohort will complete the program.
- Entering class size is the number of students newly enrolled for each admission cycle.
- If a student took a leave of absence, indicate in the comments when/if the student returned.
- *Deceleration* is defined as the loss of a student from the entering cohort, who remains matriculated in the physician assistant program. If a student decelerated, indicate in the comments when the student returned.
- Total attrition in this table reflects the number of students from the entering class who did not complete the program with the rest of the cohort, either due to leave of absence, *deceleration*, dismissal or withdrawal. Do not list any one student in more than one category. For example, if a student took a leave of absence and *decelerated*, select the option that best describes that student's situation. Use comments for description if necessary.
- Number joining class cohort who began with different cohort reflects those who began with a previous cohort and either *decelerated* or took a leave of absence and returned to join a different class.
- Anticipated graduates is the total of the entering class size minus attrition plus the number joining from another cohort.

Click here to enter text.

**Provide** tabular or graphic displays of data collected by the program (both quantitative and qualitative) assessing institutional resources over the past **three years**. This data should indicate the *sufficiency* of institutional resources provided to the program.

**Provide** tabular or graphic displays of data collected by the program (both quantitative and qualitative) assessing administrative aspects of the program over the past **three years**. This data should indicate the *effectiveness* of administrative aspects of the program.

When creating your data display(s) data must (at a minimum) support pertinent conclusions documented in the *analysis* narrative below and as related to the A section of the *Standards*:

- Institutional resources in support of the program
  - Financial resources
  - Human resources
  - Physical resources
  - Technology resources and support
  - Safety and security, and *student services* (defined in the glossary as: academic advising, tutoring, career services, financial aid, student health, computing and library resources and access)
  - Support for faculty development, clinical site development, curriculum design and course selection, program assessment, and program *diversity* and *inclusion*
- Program administrative aspects
  - Policies/procedures
  - Admissions processes and outcomes

When creating your data display(s) please keep in mind:

- Quantitative data must be reported in aggregate and displayed in tables or graphs that directly support the *analysis* (do not append raw data).

## SSR Appendix 14C

### Effectiveness of the Didactic Curriculum

This appendix requires the program to submit data and analysis related to *effectiveness* of the didactic curriculum to include student evaluation of didactic courses and instructors, the number of final didactic course grades at C or below, and student attrition\* and *remediation* in didactic courses.

\*For this appendix the program will reference **Student Attrition** data provided in **Appendix 14, SSR**.

**Narrative addressing** the program's approach to data collection and analysis should parallel or be consistent with the program's narrative provided for C1.01.

#### DATA

**Student Evaluation Data: Provide** a tabular or graphic display of student didactic course evaluation data collected by the program (both qualitative and quantitative) for the three most recent graduating classes as well as the classes currently enrolled. (If the most recent cohort has completed less than three months of the program, do not include that cohort.)

**Provide** a tabular or graphic display of student evaluation data collected by the program (both qualitative and quantitative) for the program director, *medical director*, *principal faculty* and each *instructional faculty* instructing a didactic course in the curriculum for the three most recent graduating classes as well as the classes currently enrolled. (If the most recent cohort has completed less than three months of the program, do not include that cohort.)

This data must indicate the students' perceptions about the *effectiveness* of the didactic courses, and faculty as the instructor(s) for each course. Data must be provided for every didactic course **and** every didactic course instructor as distinct, separate data.

When creating your data display(s) please keep in mind:

- Didactic courses must be listed by course name and number
- Summary data must be included for **all** didactic courses
- Faculty must not be identified by name but must be identified by terms found in the glossary (PD, MD, PF, IF) along with an anonymous identifier (e.g.: PF-1, PF-2, IF-1, IF-2).
- Quantitative data must be reported in aggregate and displayed in tables or graphs that directly support the *analysis*. (Do not provide raw data).
- Qualitative data theme summaries must be reported in aggregate and displayed in a table(s) that directly supports the relevant *analysis* (do not append raw data).
- Data must be presented in a way that allows comparison across courses for faculty who may have taught multiple courses and allows appreciation of trends over time.

**Save** the documents in a folder labeled **App14C**. Name the files consistent with the narrative and include an abbreviation of the program's name at the end of the document name. For example, App 14C StudCourseEval UABC or App 14C StudInstructEval UABC.

**Important Note – Abbreviate as necessary; the title of any document or folder in the application may not exceed 30 characters, including spaces.**

**Number of Final Didactic Course Grades of C or Below: Provide Narrative** describing how the program tracks failure rates in individual courses and how it uses that data as part of its ongoing *analysis* and self-assessment process.

**Complete** ARC-PA **Number of Final Didactic Course Grades of C or Below TEMPLATE** with included narrative following the example as shown below.

- Include all didactic courses, sequentially as they occur in the program.
- Enter class cohorts by year of graduation. List the number of grades C or below for the three most recent graduating classes as well as the classes currently enrolled.
- Within each course box by class year, list the number of students receiving grades of C, the number receiving Ds, the number receiving Fs. Do not separate grades by + or -, e.g., C+ or C- is still considered a C grade.

**STUDENT REMEDIATION**

*Remediation* is defined by the ARC-PA as *the program defined and applied process for addressing deficiencies in a student’s knowledge and skills, such that the correction of these deficiencies is measurable and can be documented.*

How many students have repeated *rotations* in the **three** most recent graduating classes as well as the classes currently enrolled?

For how many students in the **three** most recent graduating classes as well as the classes currently enrolled has the program identified deficiencies in knowledge and skills during *rotations*, such that the correction of these deficiencies (*remediation*) was necessary for the student to continue in the program (**not including** those who repeated a rotation)?

**IF** any students repeated or *remediated rotations* as indicated in the above two questions, **Provide Narrative** describing, in summary, aspects of the program *remediated* or repeated. Include outcomes in aggregate (e.g. progress in the program, graduation rates, *PANCE* pass rates).

**Important Note – Abbreviate as necessary; the title of any document or folder in the application may not exceed 30 characters, including spaces.**

**Complete ARC-PA Faculty and Staff Changes TEMPLATE** with included narrative below.

List all **current** faculty and staff and those who were employed by the program **over the past four academic years**. (For example, if you are completing this application in AY2022 (fall 2021-spring/summer 2022), begin the list as of AY 2018 (fall 2017 – spring/summer 2018).

**Indicate faculty and staff changes** (*principal faculty\**, program director, *medical director* and program *administrative support staff* who left or were hired or took on a new role) over the past four academic years.

If all positions have been filled by the same individuals for the past four academic years, enter THERE HAVE BEEN NO CHANGES in the Comment section at the end of the table and fill in the table with all the current program faculty and staff.

(\*Note that *principal faculty* are those faculty working at least 50% FTE with primary academic responsibility assigned to the PA program who report to the program director. Two FTE principal faculty positions must be filled by currently NCCPA certified PA faculty.)

If there has been more than one change to any position, for example, if the person holding the program director position has changed more than once in the past three-year period, add another such position in the lower part of the table where you may enter additional faculty.

## SSR Appendix 14H

### Success in Meeting the Program's Goals

As the program director, I am aware of the requirement and responsibility to maintain data as related to Success in Meeting the Program's Goals. [Click here to insert initials](#)

**AFTER you have graduates from your program** you will be asked to complete the self-study report on **Success in Meeting the Program's Goals**.

You will complete tables like the ones below and provide composite data related to the program's *effectiveness* in meeting its *goals*.

The *goals* of the program were **provided** in **Appendix 04** if not available on the web.

---

#### DATA

The program must provide information in the template below for all of its published *goals*. Space has been provided for six program *goals*, but if the program has more than six *goals* use an additional template. **Reference other appendices of the SSR as needed.**

**Provide** a tabular or graphic display of data collected by the program for **EACH OF ITS GOALS** for the past three academic years. If already provided in another appendix, reference that data in the analysis narrative.

When creating your data display(s) please keep in mind:

- Quantitative data must be reported in aggregate and displayed in tables or graphs that directly support the *analysis*. (Do not provide raw data).
- Qualitative data themes used in the *analysis* must be reported and summarized in the narrative or displayed in an appended document. (Do not provide raw data).
- Data should be presented in a way that allows comparison across years and appreciation of trends over time.
- Reference other appendices of the SSR as needed.

**Save** the documents in a folder labeled **App14H**. Name the files consistent with the narrative and include an abbreviation of the program's name at the end of the document name.

For example, App 14H GradEmploy UABC.

**Important Note – Abbreviate as necessary; the title of any document or folder in the application may not exceed 30 characters, including spaces.**

#### ANALYSIS AND CONCLUSIONS

**In relation to the data** on program *effectiveness* in meeting its *goals*, **for each goal:**

**Provide Narrative** describing the program's approach to *analysis* of the quantitative data collected and displayed, including the benchmarks/thresholds (with rationale) used. (If applicable).

**Provide Narrative** describing the program's approach to *analysis* of the qualitative data collected and displayed, including the benchmarks/thresholds (with rationale) used. (If applicable).

**Provide Narrative** describing the *analysis* of data collected and displayed reflecting the program's *analysis* of its success in meeting the goal. Include resulting conclusion(s) and application of the *analysis* to the program.

**If analysis has been documented in another appendix of the SSR, provide reference to that appendix in the narrative box below.**

**Goal 1: Provide Narrative** describing how the program determines effectiveness in meeting Goal #1. Be specific in identification of the data sources utilized. Reference other appendices of the SSR as needed.

--

**Goal 2: Provide Narrative** describing how the program determines effectiveness in meeting Goal #2. Be specific in identification of the data sources utilized. Reference other appendices of the SSR as needed.

--

**Goal 3: Provide Narrative** describing how the program determines effectiveness in meeting Goal #3. Be specific in identification of the data sources utilized. Reference other appendices of the SSR as needed.

--

**Goal 4: Provide Narrative** describing how the program determines effectiveness in meeting Goal #4. Be specific in identification of the data sources utilized. Reference other appendices of the SSR as needed.

--

**Goal 5: Provide Narrative** describing how the program determines effectiveness in meeting Goal #5. Be specific in identification of the data sources utilized. Reference other appendices of the SSR as needed.

--

**Goal 6: Provide Narrative** describing how the program determines effectiveness in meeting Goal #6. Be specific in identification of the data sources utilized. Reference other appendices of the SSR as needed.

Place the following program-created document(s) for **Appendix 15** in this folder:

Forms used by the program for the initial and ongoing evaluation of clinical sites and *preceptors* to address standard C2.01.

The application and each appendix are to be saved with the same name it was given by the ARC-PA, with the inclusion of an abbreviation of the program's name at the end of the document name. For example: App 1b Program Budget ABC or App 4d Personnel Resp ABC. **Important Note – Abbreviate as necessary; the title may not exceed 30 characters, including spaces.**

The application and templates provided by the ARC-PA are to be saved in the format in which they were created. **DO NOT SAVE AS PDF.** Program-generated documents can be saved in any format.

The document must be saved in the appropriate folder. For example: App 1b Program Budget ABC is to be saved in the Appendix 01 folder.

SAMPLE MAR. 2023

Place the following program-created document for **Appendix 16** in this folder:

Copies of program and/or institutional handbooks/manuals containing policies

Providing copies of handbooks/manuals in the application of record does not negate the need for programs to **append evidence of compliance in appendices** as required throughout the application. The site visitors will NOT search this appendix for evidence of compliance.

The syllabi and manuals appended to the program's application will be used by the commission, as needed, as evidence of compliance with the *Standards*. **Although these documents may be updated by the program between the time of application submission and the site visit, they are part of the application of record and are the handbooks/manuals the commission will use to verify compliance with the related standards.**

The application and each appendix are to be saved with the same name it was given by the ARC-PA, with the inclusion of an abbreviation of the program's name at the end of the document name. For example: App 1b Program Budget ABC or App 4d Personnel Resp ABC. **Important Note – Abbreviate as necessary; the title may not exceed 30 characters, including spaces.**

The application and templates provided by the ARC-PA are to be saved in the format in which they were created. **DO NOT SAVE AS PDF.** Program-generated documents can be saved in any format.

The document must be saved in the appropriate folder. For example: App 1b Program Budget ABC is to be saved in the Appendix 01 folder.

Place the following program-created document for **Appendix 17** in this folder:

Zip file containing syllabi for standard B1.03 used for **ALL** courses/*rotations* in the curriculum that must include at a minimum:

- course name, (academic credit)
- course description,
- faculty instructor of record,
- course goal/rationale,
- *learning outcomes* and *instructional objectives* in measurable terms that can be assessed, that guide student acquisition of required *competencies*,
- outline of topics to be covered that align with *learning outcomes* and *instructional objectives*,
- methods of student assessment/evaluation, and
- plan for grading.

Providing copies of course syllabi in the application of record does not negate the need for programs to **append evidence of compliance in appendices** as required throughout the application. The site visitors will NOT search this appendix for evidence of compliance.

The word 'syllabus' is purposefully not defined in the ARC-PA glossary. The Commission expects this information to be defined and published for students in a written or electronic document.

If the program is under institutional restrictions to include any of the requirements for Standard B1.03 within its course syllabi, then the program must include that information as an appendix to the course syllabi.

The syllabi and manuals appended to the program's application will be used by the commission, as needed, as evidence of compliance with the *Standards*. [Although these documents may be updated by the program between the time of application submission and the site visit, they are part of the application of record and are the syllabi the commission will use to verify compliance with the related standards.](#)
