Page 1 of 1

March 2023

The commission **Accepted** the report addressing 3rd edition

- **Standard B1.06** (provided evidence the program provides each PA trainee with a written syllabus that includes instructional objectives that guide PA trainees towards acquisition of competencies required for success)
- **Standard C2.01** (provided evidence the program defines, implements and maintains an effective process for initial evaluation of all clinical sites and preceptors used for clinical practice experiences)

June 2022

Program Change: Increase in the number of cohorts per calendar year (from 1 to 2) while remaining compliant with the approved number of PA trainees of 6 per year, effective September 12, 2022. The commission **approved the change**. No further information requested.

March 2022

Accreditation-Clinical Postgraduate Program; Next Comprehensive Evaluation March 2025. The program is approved for up to six (6) students per cohort with one (1) entering cohort per year.

Report due November 7, 2022 (*Standards*, 3rd edition):

- **Standard B1.06** (lacked evidence the program provides each PA trainee with a written syllabus that includes instructional objectives that guide PA trainees towards acquisition of competencies required for success)
- **Standard C2.01** (lacked evidence the program defines, implements and maintains an effective process for initial evaluation of all clinical sites and preceptors used for clinical practice experiences)

No report due (program provided evidence of compliance after site visit but was not in compliance at time of visit):

- **Standard C1.01** (lacked evidence the program's self-assessment process includes assessment of the effectiveness of administrative aspects of the program)
