Number of cohorts per year: 2

Page 1 of 2

### March 2025

Accreditation-Clinical Postgraduate Program; Program has demonstrated continued and sufficient compliance with the ARC-PA *Standards* after completion of the provisional review process. Next Comprehensive Evaluation: March 2032. The program is approved for up to six (6) students per cohort with two (2) entering cohorts per year.

No report due (commission expects program to submit all reports and documents as required by the ARC-PA with the initial submission):

*Standards*, 3<sup>rd</sup> edition

- **Standard C1.03** (lacked evidence the program prepares a self-study report as part of the application for accreditation that *accurately* and *succinctly* documents the process, application and results of ongoing program self-assessment and follows the guidelines provided by the ARC-PA)

NP & PA Residency Program Accreditation Standards, 1st edition

- **Standard 1.5** (lacked evidence the program administrator has sufficient time and resources to fulfill the role and responsibilities)

### March 2023

The commission **Accepted** the report addressing 3<sup>rd</sup> edition

- **Standard B1.06** (provided evidence the program provides each PA trainee with a written syllabus that includes instructional objectives that guide PA trainees towards acquisition of competencies required for success)
- **Standard C2.01** (provided evidence the program defines, implements and maintains an effective process for initial evaluation of all clinical sites and preceptors used for clinical practice experiences)

### June 2022

Program Change: Increase in the number of cohorts per calendar year (from 1 to 2) while remaining compliant with the approved number of PA trainees of 6 per year, effective September 12, 2022. The commission **approved the change**. No further information requested.

### March 2022

Accreditation-Clinical Postgraduate Program; Next Comprehensive Evaluation March 2025. The program is approved for up to six (6) students per cohort with one (1) entering cohort per year.

Report due November 7, 2022 (*Standards*, 3<sup>rd</sup> edition):

- **Standard B1.06** (lacked evidence the program provides each PA trainee with a written syllabus that includes instructional objectives that guide PA trainees towards acquisition of competencies required for success)
- **Standard C2.01** (lacked evidence the program defines, implements and maintains an effective process for initial evaluation of all clinical sites and preceptors used for clinical practice experiences)

No report due (program provided evidence of compliance after site visit but was not in compliance at time of visit):
