June 2025

The commission **Accepted** the follow up report addressing 3rd edition

- **Standard B1.06** (provided evidence that for all didactic and clinical curriculum, the program provides each PA trainee with a written document that includes learning outcomes to guide PA trainee acquisition of the required competencies)
- **Standard C2.01** (provided evidence the program defines, implements and maintains effective processes for the initial and ongoing evaluation of all sites and preceptors used for PA trainees' clinical practice experiences)

September 2024

Accreditation-Clinical Postgraduate Program; Next Comprehensive Evaluation: September 2027. The program is approved for up to two (2) students per cohort with two-four (2-4) entering cohorts per year. Report due February 1, 2025 (*Standards*, 3rd edition):

- **Standard B1.06** (lacked evidence that for all didactic and clinical curriculum, the program provides each PA trainee with a written document that includes learning outcomes to guide PA trainee acquisition of the required competencies)
- **Standard C2.01** (lacked evidence the program defines, implements and maintains effective processes for the initial and ongoing evaluation of all sites and preceptors used for PA trainees' clinical practice experiences)
