

Johns Hopkins Hospital Postgraduate PA Surgical Residency Accreditation History

First accredited: September 2021

Next review: September 2031

Maximum class size per cohort: 6

Number of cohorts per year: 1

Page 1 of 2

September 2025

The commission **Accepted** the report addressing 3rd edition

- **Standard C1.02b.i** (provided evidence the program implements its ongoing self-assessment process by performing critical analysis of data leading to conclusions that identify program strengths)
- **Standard C1.03** (provided evidence the program prepares a self-study report as part of the application for accreditation that accurately and succinctly documents the process, application and results of ongoing program self-assessment and follows the guidelines provided by the ARC-PA)

September 2024

Accreditation-Clinical Postgraduate Program; Program has demonstrated continued and sufficient compliance with the ARC-PA *Standards* after completion of the provisional review process. Next Comprehensive Evaluation: September 2031. The program is approved for up to six (6) students per cohort with one (1) entering cohort per year.

Report due June 15, 2025 (*Standards*, 3rd edition):

- **Standard C1.02b.i** (lacked evidence the program implements its ongoing self-assessment process by performing critical analysis of data leading to conclusions that identify program strengths)
- **Standard C1.03** (lacked evidence the program prepares a self-study report as part of the application for accreditation that accurately and succinctly documents the process, application and results of ongoing program self-assessment and follows the guidelines provided by the ARC-PA)

June 2022

The commission **Accepted** the report addressing 3rd edition

- **Standard A4.11a** (provided evidence the program defines, publishes and makes readily available to PA trainees institutional policies and procedures for processing academic or other disciplinary actions taken against PA trainees),
- **Standard B1.06** (provided evidence each PA trainee was provided a written syllabus that included learning outcomes) and
- **Standard C2.02** (provided evidence the program documents that each clinical site provides the PA trainee access to physical facilities, patient populations and clinical supervision necessary to fulfill the program's learning outcomes).

September 2021

Accreditation-Clinical Postgraduate Program; Next Comprehensive Evaluation: September 2024. The program is approved for up to six (6) students per cohort.

Report due March 15, 2022 (*Standards*, 3rd edition) -

- **Standard A4.11a** (lacked evidence the program defines, publishes and makes readily available to PA trainees institutional policies and procedures for processing academic or other disciplinary actions taken against PA trainees),
