First accredited: April 2026
Next review: January 2029
Maximum class size: 50

April 2026

Accreditation-Provisional; Program has not yet enrolled students but plans and resource allocation, if fully implemented as planned, demonstrated the probability to meet the ARC-PA *Standards.* The commission noted 5 areas of noncompliance with the *Standards* and 14 new commission observations. Next Comprehensive Evaluation: TBD (Provisional Monitoring). Maximum class size: 50.
Report due July 31, 2026 (*Standards*, 5th edition):

- ***Standard A3.12f*** (lacked evidence the program defines, publishes and makes readily available to enrolled and prospective students general program information to include estimates of all costs (tuition, fees, etc.) related to the program)
- ***Standard B1.03e*** (lacked evidence that for each didactic and clinical course [including required and elective rotations], the program defines and publishes for students in syllabi or appendix to the syllabi, learning outcomes and instructional objectives, in measurable terms that can be assessed, that guide student acquisition of required competencies)
- ***Standard B3.07d*** (lacked evidence supervised clinical practice experiences occur with preceptors who enable students to meet program defined learning outcomes for surgery)
- ***Standard B3.07f*** (lacked evidence supervised clinical practice experiences occur with preceptors who enable students to meet program defined learning outcomes for women's health including prenatal and gynecologic care)
- ***Standard D1.04e*** (lacked evidence the program has a course syllabus for each course and rotation offered in the program that has detailed information including learning outcomes and instructional objectives)

Commission observation response due July 31, 2026 (*Standards*, 6th edition):

- ***Standard A1.01c*** (lacked evidence that when more than one institution is involved in the provision of academic and/or clinical education, terms are clearly described and documented in a manner signifying agreement by the involved institutions and signed affiliation agreement(s) include the terms of participation for the PA program students)
- ***Standard B1.03g*** (lacked evidence that for each didactic and clinical course (including required and *elective rotation*s), the program defines and *publishes* for students the outline of topics to be covered that align with learning outcomes and instructional objectives in syllabi or an appendix to the syllabi)
- ***Standard B2.07b*** (lacked evidence the curriculum includes instruction performing complete and focused physical examinations across all age groups)
- ***Standard B2.07d*** (lacked evidence the curriculum includes instruction in ordering and interpreting diagnostic studies)
- ***Standard B2.07e*** (lacked evidence the curriculum includes instruction in patient management, including acute and chronic care plans)
- ***Standard B3.03a*** (lacked evidence s*upervised clinical practice experiences* must enable all students to meet the program's *learning outcomes* for preventive patient encounters)
- ***Standard B3.03b*** (lacked evidence s*upervised clinical practice experiences* must enable all students to meet the program's *learning outcomes* for acute patient encounters)

Accreditation History

First accredited: April 2026
Next review: January 2029
Maximum class size: 50

- ***Standard B3.03c*** (lacked evidence s*upervised clinical practice experiences* must enable all students to meet the program's *learning outcomes* for chronic patient encounters)
- ***Standard B3.06b*** (lacked evidence p*receptor*s for *supervised clinical practice experiences* enable students to meet program-defined *learning outcomes* for emergency medicine, including emergent care)
- ***Standard B3.06c*** (lacked evidence p*receptor*s for *supervised clinical practice experiences* enable students to meet program-defined *learning outcomes* for internal medicine, including elderly patients)
- ***Standard B3.06d*** (lacked evidence p*receptor*s for *supervised clinical practice experiences* enable students to meet program-defined *learning outcomes* for surgery, including pre-operative, intra-operative, and post-operative care)
- ***Standard B3.06e*** (lacked evidence p*receptor*s for *supervised clinical practice experiences* enable students to meet program-defined *learning outcomes* for pediatrics, including care for infants, children, and adolescents)
- ***Standard B3.06f*** (lacked evidence p*receptor*s for *supervised clinical practice experiences* enable students to meet program-defined *learning outcomes* for women's health, including prenatal and gynecologic care)
- ***Standard B3.06g*** (lacked evidence p*receptor*s for *supervised clinical practice experiences* enable students to meet program-defined *learning outcomes* for behavioral and mental health care
