First accredited: June 2022
Next review: April 2027
Maximum class size: 40

April 2026

The commission **reviewed and requested more information of** the report addressing 5th edition

- ***Standard B1.03e*** (lacked evidence that for each didactic and clinical course [including required and elective rotations], the program defines and publishes for students in syllabi or appendix to the syllabi, learning outcomes and instructional objectives, in measurable terms that can be
- ***Standard B3.06c*** (lacked evidence supervised clinical practice experiences occur with other licensed health care providers qualified in their area of instruction)
- ***Standard B4.01a*** (lacked evidence the program conducts frequent, objective and documented evaluations of student performance in meeting the program's learning outcomes and instructional objectives for both didactic and supervised clinical practice experience components and that align with what is expected and taught)
- ***Standard B4.01b*** (lacked evidence the program conducts frequent, objective and documented evaluations of student performance in meeting the program's learning outcomes and instructional objectives for both didactic and supervised clinical practice experience components and that allow the program to identify and address any student deficiencies in a timely manner)

Additional information (SCPE expectations for Internal Medicine, Family Medicine, and Pediatrics that specifically address technical skills; list of all currently active other licensed health care provider preceptors and evidence of compliance that each has met all criteria of the program's vetting process as described; and description of how the program will determine that each student has met the program's learning outcomes and monitor the progress of each student to promptly identify and document deficiencies in a timely manner) due June 26, 2026

No additional information required for 5th edition:

- ***Standard A3.12f*** (provided evidence the program defines, publishes and makes readily available to enrolled and prospective students general program information to include estimates of all costs (tuition, fees, etc.) related to the program)
- ***Standard B3.03b*** (provided evidence supervised clinical practice experiences enable all students to meet the program's learning outcomes across the life span, to include infants, children, adolescents, adults, and the elderly)
- ***Standard B3.07f*** (provided evidence supervised clinical practice experiences occur with preceptors who enable students to meet program defined learning outcomes for women's health including prenatal and gynecologic care)

September 2025

The commission **acknowledged the report** providing evidence of

- Updates to the program's Program Management Portal and website.

No further information requested.

March 2025 (following Provisional Monitoring review)

Accreditation-Provisional; Program demonstrates continued progress in complying with the *Standards* as it prepares for the graduation of the first class of students. The commission noted 7 areas of noncompliance with the *Standards*.
Next Comprehensive Evaluation: March 2027 (Final Provisional). Maximum class size: 40.

Maximum class size: 40

Report due May 31, 2025:

- Update Student tab in Program Management Portal
- Update Attrition Table on the program's website.

Report due December 17, 2025 (*Standards*, 5th edition):

- ***Standard A3.12f*** (lacked evidence the program defines, publishes and makes readily available to enrolled and prospective students general program information to include estimates of all costs (tuition, fees, etc.) related to the program)
- ***Standard B1.03e*** (lacked evidence that for each didactic and clinical course [including required and elective rotations], the program defines and publishes for students in syllabi or appendix to the syllabi, learning outcomes and instructional objectives, in measurable terms that can be assessed, that guide student acquisition of required competencies)
- ***Standard B3.03b*** (lacked evidence supervised clinical practice experiences enable all students to meet the program's learning outcomes across the life span, to include infants, children, adolescents, adults, and the elderly)
- ***Standard B3.06c*** (lacked evidence supervised clinical practice experiences occur with other licensed health care providers qualified in their area of instruction)
- ***Standard B3.07f*** (lacked evidence supervised clinical practice experiences occur with preceptors who enable students to meet program defined learning outcomes for women's health including prenatal and gynecologic care)
- ***Standard B4.01a*** (lacked evidence the program conducts frequent, objective and documented evaluations of student performance in meeting the program's learning outcomes and instructional objectives for both didactic and supervised clinical practice experience components and that align with what is expected and taught)
- ***Standard B4.01b*** (lacked evidence the program conducts frequent, objective and documented evaluations of student performance in meeting the program's learning outcomes and instructional objectives for both didactic and supervised clinical practice experience components and that allow the program to identify and address any student deficiencies in a timely manner)

<u>March 2023</u>

The commission **accepted** the report addressing 5th edition

- ***Standard A2.02b*** (provided evidence of at least three FTE *principal faculty*, of which two FTE *principal faculty* must be PAs who are currently *NCCPA-certified)*

No further information requested.

<u>June 2022</u>

Accreditation-Provisional; Program has not yet enrolled students but plans and resource allocation, if fully implemented as planned, demonstrate the probability to meet the ARC-PA *Standards.* Next Comprehensive Evaluation: March 2025 (Provisional Monitoring).
The program is approved for up to 40 students.
Report due August 19, 2022 (*Standards*, 5th edition) –

- ***Standard A2.02b*** (lacked evidence of at least three FTE *principal faculty*, of which two FTE *principal faculty* must be PAs who are currently *NCCPA-certified)*
