South College Orlando
Accreditation History

First accredited: June 2025
Next review: April 2028
Maximum class size: 100

October 2026
The commission **accepted** the report providing evidence of

- Supervised clinical practice experience (SCPE) learning outcomes that are assessed by the preceptor for each required rotation

No further information required.

January 2026
The commission **reviewed and more information requested** of the report addressing 5th edition

- ***Standard B4.01b*** (lacked evidence the program conducts frequent, objective and documented evaluations of student performance in meeting the program's learning outcomes and instructional objectives for both didactic and supervised clinical practice experience components and that allow the program to identify and address any student deficiencies in a timely manner)

Additional information (Supervised clinical practice experience (SCPE) learning outcomes that are assessed by the preceptor for each required rotation) due April 17, 2026.

No additional information required for 5th edition:

- ***Standard A3.07a*** (provided evidence the program defines, publishes, makes readily available and consistently applies a policy on immunization and health screening of students and that is based on then current Centers for Disease Control and Prevention recommendations for health professionals and state specific mandates)
- ***Standard B4.01a*** (provided evidence the program conducts frequent, objective and documented evaluations of student performance in meeting the program's learning outcomes and instructional objectives for both didactic and supervised clinical practice experience components and that align with what is expected and taught)

June 2025
Accreditation-Provisional; Program has not yet enrolled students but plans and resource allocation, if fully implemented as planned, demonstrate the probability to meet the ARC-PA *Standards.* The commission noted 3 areas of noncompliance with the *Standards*.
Next Comprehensive Evaluation: TBD (Provisional Monitoring). Maximum class size: 100.
Report due September 1, 2025 (*Standards*, 5th edition):

- ***Standard A3.07a*** (lacked evidence the program defines, publishes, makes readily available and consistently applies a policy on immunization and health screening of students and that is based on then current Centers for Disease Control and Prevention recommendations for health professionals and state specific mandates)
- ***Standard B4.01a*** (lacked evidence the program conducts frequent, objective and documented evaluations of student performance in meeting the program's learning outcomes and instructional objectives for both didactic and supervised clinical practice experience components and that align with what is expected and taught)
- ***Standard B4.01b*** (lacked evidence the program conducts frequent, objective and documented evaluations of student performance in meeting the program's learning outcomes and instructional objectives for both didactic and supervised clinical practice experience components and that allow the program to identify and address any student deficiencies in a timely manner)
